As these harvest months unfold, God's plan is that the fruit of the earth is to be shared by all. The goods of the earth are for our benefit as long as we do not hoard these blessings at the expense of others' needs. How do you demonstrate gratitude to God for the blessings of the earth? Are you satisfied with the goods you have? How do you share God's blessings with others?

Healing was a special ministry of Jesus. Through healing, the sick were not only restored to health, but they were restored to community life – the community was healed as well. Who are the lepers of our society who are cast out and rejected? What healing do we need to welcome the immigrant; the poor; the prisoner coming out of jail? How are we called by our faith to challenge and heal our society by upholding the dignity of every person, especially those who are hated, marginalized or helpless?

TODAY'S GOSPEL REFLECTION
FROM FR. ALPHONSE

In today's Gospel the ten lepers were healed from their leprosy by Jesus. Out of ten, the only one grateful Samaritan comes back to Jesus and adores and thanks Jesus wholeheartedly for the recovery from his sickness.

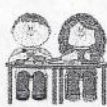

All of creation has to be thankful to God for His generosity. How do we recognize God's wonders in our lives? Do we recognize God's good works in us every day?

We have to learn more and more to thank and glorify God as the leper who was healed thanked Jesus. May God give us a grateful heart.
